Government waste lands should be carried out at Government expense and the raiyats should pay for the right of grazing their cattle on Government waste lands.

Subject No. 32.
Minimum area for coffee lands.

Summary of discussion.—The minimum area of land which may be given out for coffee out of large Survey numbers should be 5 acres and not 10 acres which is too high for poor people.

Dewan's reply.—(After consultation with the Deputy Commissioner and the Survey Superintendent and Mr. Chentsal Rao). The minimum area for new land will be fixed at 5 acres as requested.

Subject No. 33.
Local Examination in Canarese as passport for the Pleaders' Test.

Summary of discussion.—The Local Test in Canarese should be made a sufficient passport for appearance for the Pleaders' Test. This will encourage students and provide additional means of obtaining a livelihood.

Dewan's reply.—(After consultation with the Officiating Chief Judge). This is a general question deserving consideration. It is sound in principle that the Pleaders' Test should be conducted in Canarese, but before it can be adopted in practice there must come into existence good translations of Law Books and of Acts and Regulations. At present no sufficient knowledge of law and legal principles can be acquired without a study of Law Books in the English language.

Subject No. 34.
Annual renewal of Arms Licenses.

Summary of discussion.—The inconvenience of having to renew every year licenses taken out under the Arms Act is great. It is necessary to order that a license may run for a longer period, say ten years, on payment of the prescribed license fee for this period.

The Dewan remarked that the point was brought up once before and relief of a kind was promised in the way of allowing the license to be renewed and the fee recovered without the license-holder having to come to the Deputy Commissioner for it.

The Inspector General of Police and Forests remarked that on principle there can be no hardship in calling upon the taker of a license to renew it every year. This was so even in England.

Mr. Ranur Sankarappa replied that failure to take out a fresh license entailed prosecution and punishment.

The Deputy Commissioner of Kadur District observed that indiscriminate prosecution was harsh. He seldom resorted to it himself and preferred seizure and detention of the gun until a new license for it was taken out.

Further discussion showed that, while under existing law, the Police were free to prosecute those who kept or carried
